Dear Mr. Shire:

Re: Request for Cultural Resource Studies, Utah Power and Light  
Company, Wilberg Mine, ACT/015/019, Folder #2, Emery County, Utah

As we discussed in our telephone conversation of November 10, 1987, this letter is to document the Division's request for your assessment of the cultural resource inventories which have been conducted in Township 17S R7E, Sections 29, 30 and 32.

Our phone conversation of November 13, 1987 confirmed that your records indicate at least three studies have been performed in this area. Two of the studies cover 10 acre drill sites, with one study covering sites in nearby Cottonwood Canyon.

Thank you very much for your cooperation in this matter.

Sincerely

A handwritten signature in cursive script that reads "John J. Whitehead".
