Mr. Ray Christensen, Director  
Permitting & Compliance  
Utah Power & Light Company  
Mining Division  
P.O. Box 310  
Huntington, Utah 84528

Dear Mr. Christensen:

Re: Final Approval, PAP Amendment, Updated Drawings, #CM-10745 WB & CM-10746 WB, Disturbed Surface Drainage Collective System and Undisturbed Drainage Diversion Map, Utah Power & Light Company, Wilberg/Cottonwood Mine, ACT/015/019-88A, Folder #3, Emery County, Utah

On March 15, 1988, the Division received Utah Power & Light Company's (UP&L) revised drawings #CM-10745 and CM-10746 at the Wilberg/Cottonwood mine site. The response was reviewed by Harold Sandbeck, Reclamation Specialist. The plans have been determined complete and technically adequate for final approval. This letter will serve as the Division's final approval for this permit change application. Utah Power & Light Company has now adequately addressed all of the conditions required by this office to finalize this permitting action.

Thank you for your cooperation in completing this permitting action. Please call should you have questions or need additional information pertaining to this approval.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".

D. Wayne Hedberg  
Data Management Coordinator
