March 8, 1988

Mr. Ray Christensen, Director
Permitting & Compliance
Utah Power & Light Company
Mining Division
P.O. Box 310
Huntington, Utah 84528

Dear Mr. Christensen:

Re: Approval of PAP Amendment, Updated Drawing, CM-10361 WB,
Underground Development Waste Storage Site, Utah Power & Light
Company, Wilberg/Cottonwood Mine, ACT/015/019-88B, Folder #3,
Emery County, Utah

On February 16, 1988, the Division received Utah Power & Light Company's (UP&L) revised map for the existing underground development waste storage site at the Cottonwood/Wilberg mine site. The response was reviewed by Harold Sandbeck, Reclamation Specialist. The revisions to drawing #CM-10361 WB have been determined adequate for approval. This letter will serve as the Division's final approval for this permit change. Utah Power & Light Company has now provided all of the information required by this office to finalize this permitting action.

The Division will forward extra copies of the approved plans to the appropriate state and federal agencies to update file copies of UP&L's approved mining and reclamation plan permit application. Thank you for your cooperation in completing this permitting action. As always, please call should you have questions or need additional information pertaining to this review.

Sincerely,

D. Wayne Hedberg
Data Management Coordinator
