Dear Pamela:

Because of the unavailability of the required seedling species in the Spring of 1990, the following amendment is respectfully submitted to revise the permit concerning the planting date.

- Revised page 4-18.1, 4/15/91 to replace revised page 6/26/89 of the same number.

In answer to Division concerns and questions, the seedling confirmation data is 5/1/91. Planting of the seedlings will be in accordance with the approved permit method soon after their arrival.

If you have questions, please contact Guy Davis at 653-2312 or myself at 220-4584.

Sincerely,

Guy Davis (for)
