RE: **AMENDMENT TO PERMIT APPLICATION PACKAGE, PACIFICORP,
COTTONWOOD/WILBERG MINE, ACT/015/019, EMERY COUNTY, UTAH**

CHANNEL CANYON AND CORNCOB WASH PORTALS

Dear Ms. Grubaugh-Littig:

Enclosed please find two (2) copies of PacifiCorp's plan for amending the Cottonwood/Wilberg Permit Application Package. This information should be used to update the approved PAP as follows:

Replace Pages 3-7 and 4-1, revised 5/1/90, with Pages 3-7 and 4-1, revised 7/20/92.

Add Page 4-1.1.

Replace Drawing CM-10807-WB, Packet 3-1 with a revised drawing of the same number.

The text and drawing revisions address changes in the PAP regarding the Channel Canyon and Corncob Wash portals.

The portal proposed to be located in Corncob Wash will not be developed; therefore, references to it have been deleted from the PAP text and the enclosed drawing has been revised to reflect this change.

The discussion of removal of the escape ladder associated with the Channel Canyon portals has been updated to reflect current conditions.

Upon approval by the Division, additional copies of the information will be submitted at your request.

If you have questions regarding this matter, please call me at 653-2312.

Sincerely,

A handwritten signature in black ink, appearing to read "Val Payne". The signature is written in a cursive style with a large, looped initial "V".

Val Payne
