RE: MINING IN THE AREA OF THE ANDERSON-BELL MINE

Dear Ms. Grubaugh-Littig:

The enclosed maps are submitted in response to your questions regarding the timing of the mining in the Deseret Mine, in the area of the Anderson-Bell Mine. The maps are portions of mine maps which were utilized by the mine engineers to track progress of mining. The maps show the extent of the Deseret Mine as of 4-2-74 and 1-2-75. As the maps illustrate, mining in the area of the Anderson-Bell mine was completed during 1974 and 1975.

If you have further questions regarding this matter, please call me at 653-2312.

Sincerely,

Val Payne
Sr. Environmental Engineer
