Per our phone conversation please find enclosed two (2) additional copies of the enclosures that were submitted with the amendments for the Cottonwood and Trail Mountain Mine. This will allow the Division to provide the USFS with this information and hopefully expedite the review and approval process allowing the construction of the Tube Conveyor, Diesel Access Portal and Conveyor Portal in Cottonwood Canyon.

Your help is greatly appreciated. If you have any questions please feel free to contact, Karl Houskeeper or myself at 653-2312

Sincerely,

Val Payne
