Attention Pamela Grubaugh-Littig:

**Re: COTTONWOOD MINE FAN REPLACEMENT, PACIFICORP,
 COTTONWOOD MINE, ACT/015/019, EMERY COUNTY, UTAH.**

PacifiCorp is planning to replace the existing eight foot (8') Cottonwood Mine Fan with a six foot (6') Fan. This change will be made because within six months the mining activity will focus at the Trail Mountain Mine, less air quantity will be needed at the Cottonwood Mine, and the smaller fan requires less power and maintenance.

The fan replacement will include the following:

1. Removal of diesel fan backup equipment.
2. Installation of a concrete fan motor pad (see enclosed diagram).
3. Installation of four inch (4") rigid conduit (see enclosed diagram).

As discussed with Jess Kelley, reclamation costs for the six foot (6') fan will not change the MRP since costs for the eight foot (8') fan are already covered in the MRP and the concrete pad and conduit will be buried in place.

If you have any questions, please feel free to contact Karl Houskeeper at 653-2312, Ext. 15.

Sincerely,

Val Payne
 Sr. Environmental Engineer

APPLICATION FOR PERMIT CHANGE

Title of Change: Cottonwood Mine Fan Replacement

Permit Number: ACT 10151019

Mine: Cottonwood

Permittee: PacifiCorp

Description, include reason for change and timing required to implement:

Less air quantity needed and reduction in cost and maintenance
