RE: Temporary Parking, PacifiCorp, Cottonwood Mine, ACT/015/019-95H, Folder #2, Emery County, Utah

Dear Mr. Payne:

Appreciate your prompt action on the required paperwork followup on the aforementioned temporary parking amendment. The amendment was approved December 12, 1995. Since you have submitted the required followup documents, we are closing our suspense file and incorporating the followup documents into the Price Field Office MRP.

In view of the foregoing, the returned documents bear the official Division "incorporated" stamp. Copies of the documents, together with a courtesy copy of this letter, are also being sent to cooperating agencies.

The documents are as follows:

- 1) Certified copy of map "CM 10501 CP", which portrays the change in the disturbed area, and
- 2) Temporary roadway encroachment permit.

The "incorporated" stamped documents should replace the documents submitted with the amendment.

Temporary Parking-95H
January 12, 1996

In accordance with previous understandings, a field meeting, as mentioned in prior correspondence, needs to take place after the temporary authorizations expire. Let me know when, after February 1, 1996, such a meeting can take place.

Sincerely,

Wm. J. Malencik
Reclamation Specialist
