Re: Stamping Non-Redlined Legal Description of the Old Cottonwood Waste Rock Site, PacifiCorp Cottonwood Mine, ACT/015/019, Emery County Utah.

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby requests action on the above subject matter.

An amendment to relinquish part of the Old Cottonwood Waste Rock Site was sent to the Division on August 19, 1997. On September 4, 1997 the Division informed Energy West that there was a discrepancy in the legal description of this site. Energy West addressed the discrepancy and on September 19, 1997 the Division approved this amendment. Energy West now requests that seven copies of this legal description, without the redline, get the stamp of Division approval. A copy of the cover letter and redlined page is included for your comparison.

If there are any questions regarding this matter, please contact Chuck Semborski at 687-4720.

Sincerely,

A handwritten signature in cursive script that reads 'Charles N. Semborski'.
