RE: Surface Facilities Drawing, Disturbed Boundary Line, PacifiCorp, Cottonwood Mine, ACT/015/019-97H, Folder #2, Emery County, Utah

Summary.

PacifiCorp, in converting mine maps from a manual to an automated system, overlooked including the disturbed boundary on the surface facilities map, drawing #WS4490.

This matter was addressed in a prior DOGM inspection report by the undersigned. The permittee has submitted a permit amendment application that corrects this oversight together with corrected maps.

Engineering, 512.100 - Cross Section and Maps

Analysis

Maps required to be included in a permit application will be prepared under direction of a certified and registered professional engineer. In converting maps from a manual system to an automated system the disturbed boundary was inadvertently not included on the automated map.

Findings

- (1) The attached map depicts the disturbed map area as posted on the ground. Further, the boundary line is marked by uniform disturbed markers.
- (2) The application meets the requirement of the Utah Coal Rules.

Recommendation

Recommend the permit amendment application be approved as submitted.

Other

All copies of the amendment are enclosed for further action by your office.

**Re: Amendment To Surface Facility Drawing, Disturbed Boundary Line
PacifiCorp, Cottonwood Mine, ACT/015/019, Emery County, Utah.**

PacifiCorp, by and through its wholly owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, herewith submit an amendment to the Surface Facility Drawing #WS449E of the Cottonwood Mine to correct the Disturbed Boundary Line.

GENERAL INTRODUCTION:

A revised drawing of the Surface Facility Drawing # WS449E is required due to an error in transferring information on the Cad drawing.

FINDINGS:

The Cottonwood mine site Surface Facility Drawing #WS449E (Cad Version) has been previously submitted to the Division for updating purposes and was approved and is part of the permit at this time. Since beginning to use the updated Cad version of this drawing the disturbed boundary line has been inadvertently omitted. Therefore Drawing #WS449E has been revised to include the disturbed boundary line and is being resubmitted for your approval.

Thank You for your assistance in resolving this matter, if there are any questions or further concerns please call Richard Northrup at 687-4822 or Chuck Semborski at 687-4720.

Sincerely,

A handwritten signature in cursive that reads 'Charles A. Semborski'.
