In reference to the phone conversation with Dennis Oakley on June 10, 1998, Energy West hereby submits "clean copies" of the Amendment to Cottonwood Mine Permit, Proposed Cottonwood Fan Portal Reclamation, Volume 11, PacifiCorp, Cottonwood Mine, ACT/015/019, Emery County, Utah. Volume 11 involves the final reclamation plan of the proposed fan portal site in Cottonwood Canyon and is considered part (as of May 18, 1998) of the MRP. All references and correspondences to the proposed fan portal site are compiled in this Volume. The amendment was submitted to the Division on March 11, 1998 which revised and/or deleted all references to the proposed Cottonwood Fan Portal Area found in the MRP. Apparently, the redline/strike-out copies had been misplaced at the Division, or were inadvertently omitted from Volume 11 when sent to the Division.

Enclosed are 7 copies of the revised pages of the MRP. You will find the C1/C2 forms for this amendment in the March 11, 1998 submittal. If you have any question or concerns, please contact Dennis Oakley at 687-4825 or myself at 687-4720.

Sincerely,

Chuck Semborski
 Permitting/Geology Supervisor
