Re: Submission of Fan Portal Reclamation Plan with Redline/Strikeouts Removed,
PacifiCorp, Cottonwood/Wilberg Mine, ACT/015/019-97C, Folder #6, Emery
County, Utah

Attached is seven (7) copies of the approved Cottonwood Fan Portal Reclamation Plan, cost estimate section, with all redlines/strikeouts removed from the text. Please note that editing has been conducted in order to clean up the document (i.e. WordPerfect codes). No amount or text has been changed, only the format.

As mentioned in your letter dated April 27, 1998, PacifiCorp is still in negotiations with landowners of the area of concern. PacifiCorp will provide comments from the landowners as soon as these negotiations are settled and before any construction activities are started.

If you have any questions, please feel free to contact me anytime at 687-4720.
