Re: Bond Adjustment, PacifiCorp, Cottonwood/Wilberg Mine, ACT/015/019, Folder #3, Emery County, Utah

Dear Mr. Semborski:

As you are aware the Division has recently reviewed the reclamation cost estimate and reevaluated the bond amount for the Cottonwood/Wilberg mine in accordance with R645-301-830.400. Information was provided to and discussions were held with, Wayne Western our Senior Reclamation Specialist. The results of the bond review are discussed in the enclosed Technical Analysis and Findings document.

You should note that the Division has calculated a revised bond amount based on the discussions and the information currently available. We have now determined that the bond at the Cottonwood/Wilberg Mine should be adjusted to \$3,911,000. You should post the required bond within 30 days. If you have questions or concerns about this adjustment please contact us as soon as possible.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
