**Re: Clean Copy Submittal of the Approved Amendment, C/015/019-AM00A
Cottonwood/Wilberg Mine, PacifiCorp, C/015/019, Emery County, Utah.**

PacifiCorp, by and through its wholly owned subsidiary, Energy West Mining Company (Energy West) hereby submits the additional clean copies of the amendment C/015/019-AM00A as instructed by the e-mail sent by Priscilla Burton (attached with this document). Ms. Burton has created 2 complete copies from the various past submittals. Also included are seven (7) clean copies of Plate 4-1 which was part of the April 2001 approved submittal.

It would be wise to conduct a side by side comparison of this submittal and copies that Ms. Burton created so that we get an exact duplicate. If you have any questions or concerns constructing seven (7) complete clean copies, please contact Dennis Oakley at 435-687-4825. He will be happy to be of service to you. If no problems occur, please stamp approved and incorporate into the Cottonwood/Wilberg MRP. C1/C2 form were submitted previously.

Sincerely,

Dennis Oakley

I have been trying to incorporate the various AM00A submittals and create seven copies of the amendment to stamp "incorporated" and send out to the PIC, PFO, USFWS (2 copies), OSM, BLM and the Permittee. However, I can only create two complete copies. There are five other copies that are missing portions of the submittal. Below is a list of what we need from the Permittee to create five more complete copies of the submittal:

- Introduction5 copies
- Table of Contents.....5 copies
- Vol 1 Part 1 revised 4/16/01.....5 copies
- Vol 1 Part 1 Appendix A.....5 copies
- Vol 1 Part 1 Appendix B.....5 copies
- Vol 1 Part 1 Appendix C.....5 copies
- vol 1 Part 1 Appendix D.....5 copies
- vol 1 Part 1 Appendix E.....5 copies
- Appendix VII narrative (10 pages).....3 copies
- Appendix VII Attachment A (map).....5copies
- Appendix VII Attachment B (map).....5copies
- Appendix VII Attachment C.....4 copies
- Appendix VII Attachment D.....4 copies
- Appendix VII Attachment E4 copies

Hello Dennis,

Joe Helfrich asked me to contact you concerning the information that we need for compiling 7 complete copies of AM00A. Apparently you and he discussed the issue earlier this week. He relayed to me that you thought the requested information was submitted back in April with a different tracking number. Do you have further information about the date of submittal (including year of submittal) and tracking number of the submittal that you think includes the requested information?

Attached is a copy of the previous email dated 8/20/02 which lists the requested information.

Thank you,
Priscilla Burton
