Pam,

It has come to our attention that responses to the deficiencies that the Division has found in their mid-term review of the Cottonwood Mine needed to be submitted by June 18, 2007. We cordially request a 60 day extension to respond to the deficiency to increase the bond amount of the Cottonwood to a minimum of \$3,252,000.00. The current bond is \$3,082,527.00.

Please except our sincere apologies for any delays in the review process this request causes. If you have any questions, please call Dennis Oakley at 435-687-4825.

Sincerely,

Ken Fleck - Geology and Environmental Affairs Manager
