Hello Ms. Kirkland,

The June 23, 2008 narrative evaluation for PacifiCorps indicated that two audit violations were linked to a company official, Paul Leighton.

We received the attached email from PacifiCorps in June 2007 (Incoming\0018.pdf). Does the information in this email have an bearing on resolving the two audit violations linked to PacifiCorps?

Do you have any further information in your files on the resolution of these violations?

Thanks,

Priscilla Burton, CPSSc

Pacificorp is linking to two audit debts through Paul Leighton.

These audit debts are -

1. Coal Junction Coal Co. audit 900101156
2. Alumbaugh Coal Corp. audit 900101060

Paul Leighton is officer of

- (1) Coal Junction Coal Co. (secretary)
- (2) Alumbaugh Coal Corp. (secretary)
- (3) Midamerican Energy Holdings (Midamerican) (vice president)

Midamerican owns PPW Holdings LLC  
PPW Holdings LLC owns Pacificorp

Here are the diagrams to illustration the above

Pacificorp	Coal Junction coal Co	Alumbaugh Coal Corp
- PPW holdings LLC	- Paul Leighton	- Paul Leighton
- Midamerican Energy Holding		
- Paul Leighton		

Whether to release bond on Pacificorp's permit ACT015019 is the decision of UT
