RE: PacifiCorp - "Cottonwood/Wilberg" Mine - Application for a Permit Revision, Phase II and Phase III Bond Release, Task No. 3600

Dear Sir or Madam:

This is in response to the Utah Division of Oil, Gas & Mining's (UT-DOGM) August 11, 2010, request for a decision, under 30 CFR 944.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Application for a Permit Revision, Phase II and Phase III Bond Release, has determined that it requests final bond release for approximately 7.46 acres associated with the Fan Portal area at the Cottonwood/Wilberg mine, Utah State permit C/015/0019.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR PART 740 and PART 746. Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Application for a Permit Revision, Phase II and Phase III Bond Release, with other Federal agencies for compliance with other Federal regulations.

OSM also electronically transmitted the August 11, 2010, request to the Bureau of Land Management and the USDA Forest Service for their review and comment.

RECEIVED

SEP 13 2010

DIV. OF OIL, GAS & MINING

In an electronic submittal dated August 19, 2010, the USDA Forest Service stated in its opinion the permit revision application does not constitute a mining plan action requiring Secretarial approval.

The Bureau of Land Management did not provide any comments within the time frame requested by UT-DOGM.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 293-5038.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Postle", with a horizontal line extending to the right across the end of the signature.
