Subject: Conditional Approval to Reduction of Water Monitoring, Energy West Mining Company, Cottonwood/Wilberg Mine, C/015/0019, Task ID#4714

Dear Mr. Fleck:

The above-referenced amendment is approved conditioned upon receipt of 2 clean copies, with the following list of edits included, prepared for incorporation. Please submit these copies by December 12, 2014. Once we receive these copies, final approval will be granted.

1. Correct -- C-2 form: page replacement begins on Volume 1, Part 2: page 44
2. Increase resolution of map HM-1B to match the resolution of the same map in Task 4686. (The current labels of water monitoring sites are difficult to read.)

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan. This modification does not necessitate an update to the Technical Analysis.

If you have any questions, please call me at (801) 538-5325 or Keenan Storrar at (801) 538-5345.

Sincerely,

Daron R. Haddock  
Coal Program Manager
