Subject: Conditional Approval of Permit Area Adjustment, PacifiCorp, Cottonwood/Wilberg Mine, C/015/0019, Task ID # 5082

Dear Mr. Fleck:

The above-referenced amendment is approved conditioned upon receipt of 2 clean copies prepared for incorporation and contingent upon Fossil Rock Resources, LLC revising their permit to include the acreage between the Cottonwood Creek and the centerline of the road. Please submit these copies by April 15, 2016. PacifiCorp will remain responsible for the disturbance and acreage between the Cottonwood Creek and centerline of the road until the Division receives and approves an application from Fossil Rock Resources, LLC to add this acreage to their permit area.

A revised permit for the Cottonwood/Wilberg mine will be prepared for signature after the approval of the Fossil Rock application.

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan.

If you have any questions, please call me at (801) 538-5325.

Sincerely,

Daron R. Haddock  
Coal Program Manager
