Subject: Conditional Approval of Permit Area Adjustment Rescinded, PacifiCorp,  
Cottonwood/Wilberg Mine, C/015/0019, Task ID # 5082

Dear Mr. Fleck:

Upon further review of the existing reclamation plan for both the Cottonwood/Wilberg Mine and the Fossil Rock Mine (previously Trail Mountain), the Division has determined a sufficient reclamation design for perpetual discharge of mine water (Permit No. UT0022896-001) is not on file with the Division. Because the discharge line exists within the property under consideration of this amendment, the Division requests PacifiCorp provide a reclamation design and amend the permit with an acceptable plan for the above described perpetual discharge.

The conditional approval of the above-referenced amendment is hereby rescinded.

If you have any questions, please call me at (801) 538-5325.

Sincerely,

Daron R. Haddock  
Coal Program Manager
