Good morning,

We have reviewed your application for Phase I bond release at the Cottonwood/Wilberg Mine. Your application is considered to be administratively complete. At this time you should publish your notice in the paper of general circulation at least once a week for four consecutive weeks. You should then provide us a copy of the affidavit of publication when it comes available. We have scheduled the bond release inspection for March 27th, 2019 commencing at your Huntington office at 8:00 a.m. Please let me know if you have any questions.

Thanks,  
Steve
