Good morning,

The Cottonwood/Wilberg phase I bond release inspection has been rescheduled for Wednesday April 17th. We'll stick with the original game plan and meet at the PacifiCorp office in Huntington at 8:00 a.m.

With any luck, the weather will cooperate this time and we can finish up the bond release inspection by noon, have some lunch and then proceed to Rilda in the afternoon to discuss the projects slated for this summer.

Sound like a plan? Fingers crossed. I'm reminded of a Mike Tyson quote: "Everybody has a plan, until they get punched in the face". Let's hope Mother Nature doesn't have any haymakers in store for us this time.

Regards,
Steve
