Inspection Memo
to Coal File:

#7

RE: Co-Op Mining Company
Bear Creek Canyon
ACT/015/025
Emery County, Utah

The Co-Op Mining Company, Bear Creek Canyon was given a partial inspection on May 23, 1980 by Joe Helfrich, Mary Kay Stein, inspectors for the Division of Oil, Gas and Mining; Lee Spencer, Engineer, Division and Jim Smith, Soil Specialist, Division. They were accompanied by Wendell Owen, Mine Operator for the Trail Canyon Mine and the Bear Creek Canyon Portal Mine.

The trip was to familiarize Mary Kay Stein, Jim Smith and Lee Spencer with the proposed Bear Creek Canyon Portal. In reference to sealing the existing portal to prevent entry by private citizens it was decided that no trespassing signs will be posted at the gate instead of sealing the portal, since it will be open for future mining activities.

No further development has occurred concerning the tentative approval which was issued April 28, 1980, in order to prompt action by the Castle Valley Special Services District. No violations were issued at this mine site.
