Salt Lake City, Utah 84114

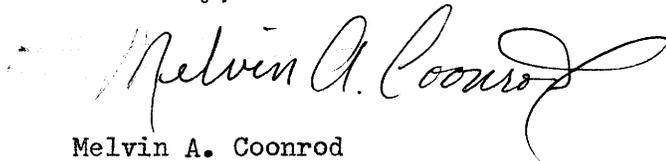

Dear Lynn:

Relative to our meeting of May 13, on the Bear Canyon Scale reclamation plan, would you please acknowledge the following modifications:

- Item 1. Correct that portion which reads: "For hydroseeding - 1/2 application for drillseeded areas", to read: The hydroseeded areas will require twice the application rate as drillseeded areas.
- Item 2. The Co-Op is committed to utilizing the same seed mix on follow-up reseeding as indicated for the original area of disturbance.

The above corrections will be incorporated in future reclamation plans dealing with disturbed areas on the Co-Op Mining Company property.

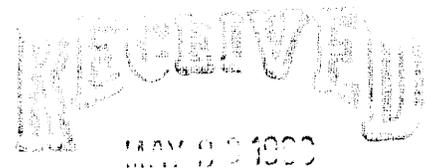

Sincerely,

Melvin A. Coonrod
