Memo To Coal File

RE: Co-Op Mining Company
Bear Canyon Mine
ACT/015/025, #7
Administrative Delay
N83-5-5-3

The purpose of this memo is to document the administrative delay periods which have been encountered in the abatement process for violation N83-5-5-3 issued to the Co-Op Mining Company, Bear Canyon Mine on March 10, 1983.

From March 10, 1983 to April 13, 1983, a period of 35 days transpired in the abatement time frame. This was pursuant to a modification extending the abatement to April 13, 1983.

From April 13, 1983 to May 21, 1983, a period of administrative delay was invoked by the Division during the analysis of plans submitted by Co-Op Mining Company. The receipt of a letter prepared by myself to Co-Op Mining Company on May 21, 1983 ended this administrative delay period.

From May 21, 1983 to June 1, 1983, when plans were submitted by Co-Op Mining Company another 12 days expired in the abatement time for this three-part violation. This brought the total number of days elapsed in the abatement period of 47 days.

From June 1, 1983 to July 6, 1983, an administrative delay was invoked while the Division responded to the plans submitted.
