RE: Permission to Remove
Non-coal Waste Material
from Uppermost Pad area.
Bear Canyon Mine
ACT/015/025
Emery County, Utah

Dear Mr. Owen:

As agreed to during our inspection on February 2, 1983, please consider this letter as official permission to enter the uppermost pad area and remove the remaining non-coal waste material which was the subject of NOV 1 of 10 in N82-5-2-10. With the exception of the installation of the 32" culvert which was authorized in a letter dated October 12, 1982 by Dave Darby of the Division staff, no further activity of any kind is permitted on this pad area until the area is properly permitted through the Division of Oil, Gas and Mining.

Please feel free to contact me if you should have any questions on this matter.

Sincerely,

JOHN J. WHITEHEAD
FIELD SPECIALIST
