Plans
Bear Canyon Mine
ACT/015/025
Folder No. 3
Emery County, Utah

Dear Mr. Owen:

The Division has received a letter from Mr. Mel Coonrod dated May 20, 1983 modifying Co-op Mining Company's reclamation plan for the Bear Creek Canyon Mine scales.

As pointed out in a letter to you dated March 28, 1983, the Division cannot accept this modification since it has not been signed by an authorized company official. The Division will accept this modification only upon receipt of written notice from Co-op, signed by an authorized company official, that Co-op intends to follow such plans, subject to Division review and approval.

Please notify all consultants providing services to Co-op Mining Company that all information relative to your mining and reclamation plans must be submitted to the Division through Co-op Mining Company, accompanied by a cover letter signed by an authorized Co-op official in order to be acceptable, subject to Division review and approval.

Should you have any questions, please don't hesitate to call.

Sincerely,
