RE: Permit Review, Co-op Mining Company, Bear Creek Canyon Mine, ACT/015/025, #2 and #3, Emery County, Utah

On August 20, 1984, Mr. Mel Coonrod of Co-op Mining Company delivered the following to the Division for review:

Six (6) copies of the Company's response to the Division's most recent Determination of Completeness, memoranda dated July 13, 1984 and July 17, 1984, M. Boucek to D. Nielson.

A letter to Co-op Mining Company will be forthcoming shortly, which will inform the Company that the August 20 submittal does not contain sufficient information to conduct a full completeness review, as the Company has not yet responded to the major incompletenesses outlined under UMC 783.15 and 784.20.

These submittals are being held by Ev Hooper with prior submittals as referenced in the August 8, 1984 Memo to Coal File.
