Re: Co-op Mining Company

Gentlemen:

Request is hereby made for an investigation, expedited hearing and temporary relief from the penalties and requirements of N.O.V. No. N85-4-8-2, 1 of 2 issued by David Lof, Mining Field Specialist.

The reasons for this request are that Co-op is committed to map and survey the old works and is prevented from doing so by this notice. The portal is in a disturbed area with controlled hydrology and no damage to the environment will occur if Co-op proceeds to develop an access to the old works which is necessary to enable Co-op to safely complete the mapping and surveying required by law.

Very truly yours,

Carl E. Kingston
