**DIVISION OF OIL
GAS & MINING**

RE: NOV 85-4-13-1

Dear Dave:

Co-Op will seal the culinary water overflow. The water you observed is spring water which Co-Op has requested a water right for, and will be used in conjunction with mining irrigation and culinary purposes.

If a more detailed plan is required, Co-Op requests an extension of 30 days to complete the T.A. Bear Canyon MRP, wherein the right and the use of the water are discussed in detail.

Sincerely,

Melvin A. Coonrod

MC/njc
