Attn: John Whitehead and Wayne Hedberg

Dear Dianne:

The Division has evaluated Co-op Mining Company's December 27, 1985 proposal for second seam mining as an addendum to a Mining and Reclamation Plan at the Bear Canyon Mine.

Our only concern is for the potential impacts, if any, of subsidence to Bear Canyon Spring. This spring needs to be adequately protected so that its flows are not jeopardized due to subsidence.

Thank you for an opportunity to review the MRP and provide comment.

Sincerely,

William H. Geer
