RE: Bear Canyon Permit Area
Modification

Dear John:

As you are aware, Co-Op Mining is presently pursuing the expansion of its existing permit to mine the Hiawatha Seam. In order to avoid any confusion or delays in this area, the Company is requesting that the submittal of 3/9/87 Permit Area Modification to include Federal Leases Modification be held within the Division offices pending approval of the Hiawatha Seam, at which time review of the latest proposal can proceed.

Co-Op appreciates your assistance in this regard.

Sincerely,

Melvin A. Coonrod
