Dear Mr. Coonrod:

Re: Review of PAP Amendment, Minor Hydrologic Design Changes, Lower
Seam Portal Area, Co-Op Mining Company, Bear Canyon Mine,
ACT/015/025-87E, Folder #2, Emery County, Utah

Division Hydrologist Tom Munson has completed reviewing the revised plans received November 9, 1987 for the PAP amendment referenced above. The operator's latest response to the Division's November 3, 1987 review, remains deficient. Please refer to the attached technical review memorandum for an explanation of the information still required before approval may be considered for this amendment.

Please provide all of the requested information by January 15, 1988. Thank you for your cooperation and attention to this matter. Please call me, John Whitehead, or Tom Munson should you have questions regarding this amendment review.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".
