Dear Mr. Atwood:

Re: Conditional Approval of PAP Amendment, Hiawatha Seam Drainage Modification, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025-87E, Folder #2, Emery County, Utah

The Division has reviewed your April 28, 1988 submittal for the PAP amendment referenced above and determined it to be technically adequate for conditional approval. Please refer to the attached Technical Review Memorandum for an explanation of the conditions remaining for final approval.

June 20, 1988 has been established as the submission date for the information (Items #4, 5, and 6) required to address this conditional approval. Please be aware that the sediment controls must be in place by July 5, 1988.

Your cooperation in completing this permitting action is appreciated.

Sincerely,

Richard U. Smith for
