Nine copies of Plates 7-1A and 7-1B (1989 Mine Water Survey) which have been updated for 1990 are also included with this correspondence one for DOGM and eight to be forwarded to the federal lease reviewers. These two updated plates have been incorporated in the copies referenced above.

Please distribute the copies as soon as possible and contact me if I can be of assistance. If you would send me a list of the reviewers, with name, address and telephone number, I would appreciate it. I wish to initiate correspondence with the reviewers so that the review process can be completed in an expedient manner.
