RE: Bear Canyon Federal Lease Addition, Co-Op Mining Company,
Bear Canyon Mine, ACT/015/025, Folder #2, Emery County, Utah

General Comments

I have looked through the recompiled Bear Canyon PAP and have the following comment:

There is no need for the operator to include Appendix 7-2, Gentry Mountain Cumulative Hydrologic Impact Assessment.

Other than this comment, there are no surface water concerns associated with this underground lease. The operator currently has an underground monitoring program and has committed to drilling a monitoring well as the mine progresses to the north.
