RE: NOV 90-32-3-1, Co-Op Mining Company, Bear Canyon Mine,  
ACT/015/025, Folder #2, Emery County, Utah

On October 23, 1990, the test plot site was visited with Wendell Owen, Co-Op Mining Company, and myself concerning the above-referenced violation. Two test plot sites were inspected (one site Henry Sauer, DOGM, indicated as the test plot and the other site Co-Op Mining Co. believed was the site).

After examining both sites, it is my professional opinion as a Reclamation Biologist, that neither site was seeded or mulched. No evidence of seed, seed germination, young plants or wood fiber mulch was observed.
