**DIVISION OF
OIL GAS & MINING**

Dear Ms. Grubaugh-Littig;

Re: Underground Drilling Program, Bear Canyon Mine, Co-Op Mining Company, ACT/015/025, Emery County, Utah

Attached are two copies of a proposed Appendix 7-N incorporating the revised underground drilling program. Use of non-hydrocarbon joint compound (p 7N-5) as well as cementing of the abandoned holes (p 7N-8) have been incorporated into the plan. These pages are marked "DRAFT". Four copies will be forwarded to the Division upon approval.

Completion of the first hole has been delayed due to drilling problems. The Division will be notified of the expected completion date when the problems are resolved.

Thank you,

Kimly C. Mangum, P.E.
Permitting & Compliance Consultant.
