May 20, 1991

Mr. Wendell Owen
Co-Op Mining Company
P.O. Box 1245
Huntington, Utah 84528

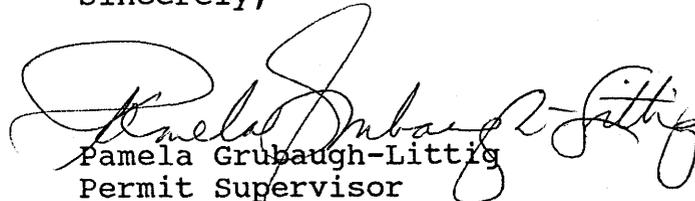

Dear Mr. Owen:

Re: Conditional Approval for Hoist Road (NOV #N91-35-1-1 and CO #C91-26-2-1), Co-Op Mining Company, Bear Canyon Mine, ACT/015/025, Folder #3, Emery County, Utah

Information for the Hoist Road was submitted to the Division on May 3, 1991, and May 6, 1991. Approval is given contingent on the four following conditions.

- 1) A drawing, bearing a professional engineer's stamp, is submitted for the catch basin's rip-rap overflow.
- 2) The engineer will certify in writing that the volume of the hoist anchor has no appreciable effect on the overall storage capacity of the catch basin, and will not jeopardize the structure's effectiveness during the design event.
- 3) After construction of the catch basin, certified as-built maps of the structure will be submitted to the Division. These maps will comply with current regulatory guidelines for such maps.
- 4) Four updated complete sets of copies are submitted to the Division by May 24, 1991.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
