Dear Mr. Owen:

Re: Water Monitoring Plan Changes, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025, Folder #2, Emery County, Utah

Enclosed please find a memo describing the Division response to your July 5, 1991, water sampling plan for the Huntington Spring and Birch Spring. As identified in the recommendations, it is incumbent upon Co-Op Mining Company to submit all data from these springs to the Division with 10 days of results. It is also necessary for Co-Op Mining Company to amend the permit and revise the parameter list to include an oil and grease sample to be taken each time at each sampling point. This amendment must be done immediately, no later than July 31, 1991.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, reading "Pamela Grubaugh-Littig".
