Dear Mr. Owen:

Re: Water Monitoring Consultant, Co-Op Mining Company, Bear Canyon Mine,
ACT/015/025, Folder #2, Emery County, Utah

During the course of the meeting held with representatives from the Division, Earth Fax, and Co-Op Mining on Friday 15 November 1991, you mentioned that Co-Op was no longer retaining the services of Melvin Coonrod of EIS for the purpose of water monitoring at the Bear Canyon Mine. Furthermore, it was noted that Co-Op had not selected a new consultant or decided who would conduct water monitoring in the future.

Whatever choice Co-Op arrives at, the Division is available for consultation on the protocol and requirements of water monitoring at the Bear Canyon Mine. If you have any questions or require any assistance, please feel free to call.

Sincerely,
