RE: Letter dated April 3, 1992, Highwall Deficiencies,  
(Continuation of Division Order 90A), Bear Canyon Mine,  
Co-op Mining Company, ACT/015/025, Folder #2, Emery  
County, Utah.

Dear Ms. Grubaugh-Littig:

On April 24, 1992 I meet with Jesse Kelley, Reclamation Engineer and corrected the problems and concerns that he had concerning the volume analysis needed to verify that there is enough material to complete backfilling and grading during reclamation. It is my understanding that he now can complete his review of this issue.

Please contact me if you have any questions.

Sincerely,
