Dear Pamela:,

Re: Appendix 7-J, Probable Hydrogeologic Consequences (PHC) of Mining at Bear Canyon Mine, Co-Op Mining Company, Bear Canyon Mine, ACT/045/025, Emery County, Utah ~~#~~ 2

This submittal is made at the direction of Co-Op Mining Co. Attached are two copies of a proposed Appendix 7-J. The PHC has been revised to include the latest data collected from sampling at new drill hole locations within the mine and from test data collected at locations previously sampled. The PHC was prepared by EarthFax Engineering, Inc. to comply with Division requirements.

This proposed amendment has been kept separate from other proposals to simplify the review process. Please review this proposed amendment to the plan and notify me if there are any questions. Additional copies will be forwarded to the Division upon approval.

Thank you,
