DIVISION OF
OIL GAS & MINING

Ms. Grubaugh-littig,

RE: Appendix 7-J (Revised PHC), Appendix 7-N (Hydrologic
Evaluation, Bear Canyon Mine, Co-Op Mining Company,
ACT/015/025, Emery County, Utah

2

Enclosed are two copies of a proposal for a modification to our MRP. The proposal contains a revised Probable Hydrologic Consequences (Appendix 7-J) based on the underground drilling which Co-Op has completed. This draft replaces the earlier submittal which is currently under review. Also included in the proposal is the Hydrologic Evaluation (Appendix 7-N), which reports the detailed findings of the drilling program. This Appendix is proposed to replace the previous Appendix 7-N which described the proposed drilling program. Please review these submittals for incorporation into Co-Op's MRP.

Because of the interest expressed by the Water Users to see the results of the drilling program, Co-Op is sending the Water Users a courtesy letter notifying them that the report is in your office and is currently under review. If you have any questions, contact Charles Reynolds at (801) 381-2450.

Thank You,

Wendell Owen
Resident Agent
