RE: Revised Diversion Designs (92G), Co-Op Mining Company,
ACT/025/025, Emery County, Utah

Attached are two copies of the revised diversion designs. All references to the Shower House has been removed. I hope this will resolve any confusion on this submittal. The enclosed letter from M.E.C. gives a list of the revised pages. The pages have been marked DRAFT to distinguish them from previously approved pages. Please notify me upon approval of these designs and three copies can be forwarded to you. If you have any questions, contact Charles Reynolds at (801) 381-2450.

Dear Mr. Owen ,

**Re: Revised Diversion Designs, Removal of Ditch D-10aU, Co-Op Mining Company,
Bear Canyon Mine, ACT/015/025, Emery County, Utah**

Attached are three copies of pages 7-87, 7-87A, 7G-47 and 7G-96 dated 9/16/92. Two copies should be submitted to the Division. The Division (ltr dated 10 September 1992) correctly identified pages submitted 28 August 1992 with reference to the shower house proposal ditches included. I apologize for this oversight. The delayed response from the Division, apparently caused by the numerous open issues, has also made coordination of the updated material complicated. The attached page lists each page involved with the referenced revisions.

Please note that references to ditch D-10aU have been removed from the tables. Ditch D-10aU was added as a result of NOV#N92-40-9-1, which was vacated 10 September 1992. Pages have been marked "DRAFT" to differentiate them from those previously approved.

Thank you,

Kimly C. Mangum, P.E.
