Dear Mr. Owen:

Re: Culvert C-8U, NOV #N91-35-8-1, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025-92A, Folder #2, Emery County, Utah

Areas in which coal fines are deposited are considered "disturbed". Therefore, the abatement for NOV #N91-35-8-1 must incorporate this "disturbed" area criteria into the plan to address sediment control for the appropriate drainage area at the Bear Canyon Mine. Please submit complete and adequate plans for this violation with an implementation schedule by May 8, 1992.

Due to the designation of "disturbed", additional items will need to be addressed, which are outlined in the forthcoming Division Order 92C.

Sincerely,

A handwritten signature in cursive script that reads "Pamela Grubaugh-Littig".
