Dear Mr. Owen:

Re: SBC-10, Huntington Springs, and Birch Springs Sampling, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025, Folder #3, Emery County, Utah

The letter dated April 6, 1992 modified the monitoring of SBC-10 to indicate quarterly baseline monitoring for the remainder of 1992. This sampling frequency is approved. The sampling frequency for the Huntington Spring and Birch Spring indicate quarterly sampling beginning in the third quarter. Please be aware that this frequency of sampling for these springs may change, and is dependent upon an assessment of the water issues at the Bear Canyon Mine to be done this year (as noted in Note #3 of Table 7.1-9).

Please send finalized copies of pages 7-38, 7-42, and 7-42A. If you have any questions, please call me.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
