RE: Co-op Mining Co. UTG040006

Dear Mr. Reynolds:

We have received your January 26, 1993 letter regarding renewal of the General Coal Permit for Co-op Mining Company. As indicated in our January 21, 1993 conversation, the Utah Administrative Code (UAC) Section R317-8-3.1(4)(d) provides an automatic continuation of the existing permit during the interim between expiration and renewal if the permittee has submitted a timely complete application.

We anticipate Public Notice of a new General Coal Mine permit and the Notice of Intent requirements in mid February. When the permit is finalized in March or April, we will further notify the permittees that a Notice of Intent is to be submitted within thirty (30) days.

If you have any questions, please contact me at (801) 538-6146.

Sincerely,

Steven R. McNeal, Environmental Engineer
