Subject: Varden Willson Protest (?) letter

I have been working on filling in the blanks on your response letter to Mr. Willson, but keep coming back to the fact that it is Mr. Willson's responsibility to review the plan and come up with specific arguments. The burden of proof is on them to present data or something specific from the PAP that we may respond to. I don't think that has been done to date. This also may be setting a precedence for us. Do you want me to proceed with the info for your letter? Please let me know. Thank you.
